EMERGENCY MEDICAL FORM/PHYSICAL EXAM FORMS/ CONCUSSION INFORMATION SHEET - FinalForms

All Solon students wishing to participate in interscholastic athletics must have completed emergency medical authorization, physical examination forms, concussion information sheet and sudden cardiac arrest on FinalForms prior to the first day of participation.

The Solon Schools Athletic Department has partnered with FinalForms, an online application, that will enable parents and students to sign-up for your sport and complete and file the necessary athletic forms electronically.

FinalForms is available for all Solon student athletes in grades 7-12. You **MUST** log on and register with FinalForms to sign up for a sport and tryout. FinalForms is available for all parents and athletes online. Instructions and registration information are on the Solon Schools Athletic web page.

Each student is offered the opportunity to purchase medical coverage provided through the Solon Schools. All parents/guardians must sign an Insurance Waiver Form before participation of a participant begins.

GUIDELINE FOR TEAM SELECTIONS

At the high school, a conference may be held with each student not selected for the squad. During the conference, the coach will explain the reasons why the

student did not make the team and suggest possible alternatives for improving skills, therefore, enhancing the student's opportunity for making the team in the future. If the coach anticipates a problem, it is recommended that the parent be contacted and encouraged to become involved.

The entire coaching staff will participate in the evaluation of each student participant in a given sport in a fair and equitable manner. The head coach will be responsible for making the final decision with respect to the varsity squad of his/her sport. At the middle school, the grade level coach will select his/her squad.

Tryouts will be at least five days or five practices, whichever comes first, before cuts are made to ensure adequate time to evaluate candidates.

A student completing a fall and winter sports season will also be guaranteed a tryout of at least five days or five practices, whichever comes first, to demonstrate ability and skill before final cuts are made (fall sport to winter sport; winter sport to spring sport). Every attempt will be made to give each student the same amount of time to demonstrate skills.

LETTER AWARD POLICY FOR ATHLETES

Each sport has a specific criteria for earning a varsity letter in their respective activity. These criteria will be explained by the coach at the pre-season meeting. The participant must finish the season in good standing to receive any award.

The High School Award System is as follows:

Freshman & Junior Varsity	Certificate
First Year Varsity	Letter with Insert
Second Year Varsity	Plaque
Third Year Varsity	Plaque
Fourth Year Varsity	Picture Plaque

There is a Scholar Athlete Award for a G.P.A. of 3.50 or better in the grading period of your particular sport. A Medallion goes to the varsity letter winner with the highest G.P.A. in his/her respective sport during that grading period. The Medallion is a one-time award, you can only receive it once in your 4 years at Solon High School.

Fall Sports	First Grading Period

ATHLETIC CODE OF CONDUCT

PHILOSOPHY

The Solon Board of Education, school administration, and coaches believe that interscholastic athletics are an integral part of the total educational program. High standards of behavior, scholarship, and citizenship are important to a sound athletic program. Students volunteering to participate must assume the responsibilities of this privilege and are required to meet expectations beyond those set for non-participants.

Solon City Schools believe that:

- physical and emotional growth of student participants is the most important goal of participation.
- academic achievement is a prerequisite to participation.
- additional time and energy committed to participation requires that participants attain and maintain peak physical and mental condition.
- substance abuse can be a significant health problem for adolescents and may also affect the development of skills which are necessary for participation.
- interscholastic athletics can make the educational experience richer and more rewarding and therefore all students are encouraged to participate.
- adherence to certain behavior and academic standards enhances a student-participant's quality of life.

SCOPE OF THE CODE OF CONDUCT

The provisions outlined in this policy shall be in effect twenty-four hours a day, seven days a week, for the duration of the season. This includes sports which commence before the beginning of the school year or extend beyond the end of the school year. Violations are cumulative throughout the participant's two years of middle school participation and four years of high school participation and disciplinary actions may carry over from one season to another. Use of drugs authorized by a physician or wine consumed as part of a religious or family ceremonial occasion shall not be considered in violation of this policy.

ATHLETIC DEPARTMENT COMMITMENT

The Solon Athletic Department and coaches will proactively attempt to enhance the physical and emotional growth of each Solon High School and Middle School student-participant.

Solon High School and Middle School Coaches/Athletic Department will:

- a. host a meeting at the beginning of each year for all parents of high school and middle school participants to discuss the current Athletic Code of Conduct. Parents and participants must sign the Athletic Code of Conduct contract before the participant can participate in any athletic activity.
- b. provide opportunities for high school and middle school participants to be positive role models for Solon intermediate and elementary students.
- c. distribute written expectations, specific to their sport, during or prior to the first week of the season.
- d. discuss the current Athletic Code of Conduct with their team during or prior to the first week of the season.
- e. enforce the Athletic Code of Conduct and the expectations specific to their sport.
- f. consistently emphasize the importance of the high standards set for all participants.

EXPECTATIONS AND CONSEQUENCES

A participant represents not only himself/herself but also the Solon City Schools and Solon community. Since participation is a privilege, it is important that students and parents/guardians be aware of the rules and expectations. A violation of the Solon High School and/or Athletic Code of Conduct may result in the denial of the privilege to participate in a sport. Please refer to pages 45-77 of the Solon High School Code of Conduct for specifics on students' rights, responsibilities and discipline.

Repeated or severe violations of the Solon High School and/or Athletic Code of Conduct, may necessitate that the participant immediately be denied participation for an indefinite period of time. If the participant desires to return to participation, the participant must make a written request to the athletic director. An Improvement Plan will be designed for the participant. When the participant has fulfilled all expectations of the Improvement Plan, he/she may petition the Athletic Hearing Committee for reinstatement.

During the denial of participation period, the participant may be expected to practice and sit on the team bench dressed in appropriate street clothes during

contests unless otherwise specified by the Improvement Plan. All training rules and requirements of the sport will continue to be followed.

Since the Improvement Plan and denial of participation are meant to benefit the participant and increase his/her chances of future success, the participant must complete the plan and comply with the nonparticipation requirement even if either carries over to another season or school year.

The athletic director will maintain records of violations, penalty assessments, results of Improvement Plans, and other pertinent information for the participant's two years of middle school and four years of high school participation.

TOBACCO

Participants shall not use or possess tobacco in any form.

First Tobacco Offense

1. A participant found in violation will be denied participation for 33% of the contests (season or tournament), based on the number of regular season scheduled events. If the participant agrees to participate in a tobacco education program, the penalty will be reduced to 15% of the contests. Refusal or failure to complete the tobacco education program will result in the full 33% denial of participation.

Second Tobacco Offense

1. A participant found in violation will be denied participation for 50% of the contests (season or tournament), based on the number of regular season scheduled events. If the participant agrees to participate in a tobacco education program, the penalty will be reduced to 25% of the contests. Refusal or failure to complete the tobacco education program will result in the full 50% denial of participation.
2. If the second violation occurs with the same school year, the participant will be denied participation for 100% of the contests (season or tournament), based on the number of regular season scheduled events. If the participant agrees to participate in the tobacco education program, the penalty will be reduced to 50% of the contest. Refusal or failure to complete the tobacco education program will result in the full 100% denial of participation.

Third Tobacco Offense

1. A participant found in violation will be denied participation from athletics for one calendar year from the date of the violation.

Fourth Tobacco Offense

1. A participant found in violation will be denied participation from athletics for one calendar year from the date of the violation.

Self-Referral

If a participant seeks assistance from the coach, the athletic director, or school administrator for dealing with a tobacco problem and the participant agrees to participate in a tobacco education program, there will be no denial of participation from contests. The self-referral is still considered a violation for the purpose of accumulation of violations and is nonexistent if arrested or confronted prior to referral.

NARCOTICS, ALCOHOLIC BEVERAGES, STIMULANT DRUGS, ANABOLIC STEROIDS: SELLING, SUPPLYING OR TRANSMITTING

First Drug or Alcohol Sale or Distribution Offense

1. A participant found in violation will be denied participation for one calendar year from the date of violation.
2. After six months of no athletic participation, the participant may petition the Athletic Hearing Committee to amend the denial of participation. The participant will present evidence of a successful effort to correct his/her problem. The Athletic Hearing Committee will make a recommendation to the building principal. The building principal will make the final decision.

Second Drug or Alcohol Offense: Selling, Supplying or Transmitting

1. A participant found in violation the second time will be denied participation indefinitely.

Third Drug or Alcohol Offense: Selling, Supplying or Transmitting

Participants shall not possess and/or use any controlled or counterfeit substance, including but not limited to narcotics, hallucinogenics, alcohol, steroids, paraphernalia, or marijuana.

First Drug or Alcohol Offense

1. A participant found in violation will be denied participation for 50% of the contests (season or tournament), based on the number of regular season scheduled events. If the participant agrees to go through a drug/alcohol assessment the penalty will be reduced to 25% of the contests. Refusal or failure to complete the assessment will result in the full 50% denial of participation.

Second Drug or Alcohol Offense

1. A participant found in violation will be denied participation for one calendar year from the date of the violation if the violation has occurred in the same school year.
2. A participant found in violation the second time in a career, but only the first time during a school year, will be denied participation of 100% of the contests (season or tournament), based on the number of regular season scheduled events. If the participant agrees to go through a drug/alcohol assessment the penalty will be reduced to 50% of the contests. Refusal or failure to complete the assessment will result in the full 100% denial of participation.
3. A participant found in violation two times in two different years (4 violations) will be denied participation permanently.

Third Drug or Alcohol Offense

1. A participant found in violation for the third time in one year will be denied participation permanently.
2. A participant found in violation for the third time, but none of the violations occurred more than once in a school year, will be denied participation for one calendar year from the date of the violation.

If a participant seeks assistance from the coach, the athletic director, or school administrator for dealing with a drug/alcohol problem and the participant agrees to complete a drug/alcohol assessment and follow the recommendations, there will be no denial of participation from contests. Refusal or failure to complete the assessment will result in the denial of participation. The self-referral is still considered a violation for the purpose of accumulation of violations. Self-referral must be established by school records prior to an arrest or notification of school administration, coach or athletic director.

REASONABLE CONDUCT

The Solon Athletic Department recognizes that the safety and welfare of individual participants and teams are a priority. Therefore, participants will not engage in any acts of criminal activity such as, but not limited to vandalism, assault, bullying, harassment, inappropriate social media, battery, hazing, theft, or other disruptive conduct.

Participants are also expected to behave appropriately during school and extra-curricular activities. Detrimental actions include, but are not limited to insubordination, repeated absenteeism, fighting, sexual misconduct, negative/apathetic attitude, unsportsmanlike conduct, lying, and inappropriate language or gestures.

Any violation of our reasonable conduct policy could result in suspension and/or dismissal from the team. Recognizing the varying degrees of severity, the type of misconduct, and a participant's previous record of conduct, each situation will be considered individually. The coach and/or athletic director, will determine appropriate consequences, which may include denial of participation or dismissal from the team. In all cases, the participant will have the right to due process and a written record of the incident will be filed with the athletic director.

DENIAL OF PARTICIPATION AND DUE PROCESS

1. The participant must have been given previous notice of the expectations of the Athletic Code of Conduct and rules and regulations specific to the sport.
2. When a participant is in suspected violation of the Athletic Code of Conduct a hearing will be held to investigate the alleged misconduct. Please note, results of related investigations by school administration may be used to determine if there has also been a violation of the Student Code of Conduct.
3. The hearing and investigation will be coordinated by the Athletic Director who may appoint a Hearing Committee, consisting of the athletic director, a certified teacher/coach from another sport (selected by the participant), and a non-coaching teacher (selected by the athletic director). If the violation is known to have occurred, and not a suspected violation, the athletic director will conduct the hearing. If the Athletic Hearing Committee feels action is warranted, the athletic director will give the participant and parent/guardian written notice of the suspected violation, and the time and place for a hearing which will be held within three (3) school days of the date of notification.
4. At the hearing, the participant will have the opportunity to discuss the circumstances concerning the incident. Due process will be followed according to Solon City Schools' policy and Ohio law.
5. The Athletic Hearing Committee will determine if there has been a violation of The Athletic Code of Conduct and athletic director will give the participant and parent/guardian written notification of the hearing committee's decision, penalty assessment (if applicable), and Improvement Plan (if applicable). Student athletes may be permitted to practice while denied participation in contests.

6. The participant or parent has the right to appeal the Athletic Hearing Committee's decision and/or penalty assessment to the building principal. Any appeal must be requested in writing within five (5) calendar days of the decision notification. The appeal should state the exact reason the decision is being appealed. The recommended penalty assessment will begin immediately upon written notification to the participant and parent/guardian and will continue throughout the appeal process, unless specified by the building principal.

OTHER PARTICIPANT EXPECTATIONS

These expectations carry their own set of consequences and when not specifically listed, the coach will set and enforce consequences appropriate to the sport and conduct. Participants will be notified in writing of the specific expectations for each sport during or prior to the first week of the season.

1. Academic eligibility is a prerequisite to participation in any team activity. Students who are determined to be ineligible at the onset of the sports season will not be able to participate in any games or contests. If a student becomes academically eligible after a grading period and the sports season is already in progress, the student may become a member of a non-cutting sport or a cutting sport in which at least 85% of the regularly scheduled contests are still remaining.
2. The participant must complete, on FinalForms, the Athletic Code of Conduct contract, physical examination, concussion information sheet, parental consent, and emergency medical procedure forms, and sudden cardiac arrest training before participating in any team activity.
3. The participant must return school equipment in the condition it was received, within three (3) school days of the last contest. Participants must reimburse the Solon Board of Education for lost or damaged equipment prior to receiving any athletic awards. A participant must fulfill obligations from previous season before he/she will be permitted to begin participation in any other athletic activities.
4. The participant must be present if arriving late by 10:35 a.m. on the day of the practice or contest to be eligible to participate in any team activity. If a participant is leaving early or has early dismissal, they must be present for at least 3 period of the day. Medical appointments, funerals, or other emergencies may be excused, if approved by the coach and athletic director. If a participant is absent all day Friday or the day before a school vacation, he/she may participate in a weekend or vacation-day contest with parental written permission.

5. Student/participants are expected to comply with a curfew appropriate to the activity. Expectations should be consistent with the 11:00 p.m. curfew established by Cuyahoga County and the City of Solon.
6. The participant is expected to attend all team activities unless excused by the coach prior to the absence. Unexcused absences will result in the disciplinary action described in the written list of team expectations. Even extended excused absences may result in loss of playing time. The coach will keep written record of excused and unexcused absences and inform the parent and athletic director when the participant's actions result in denial of participation.
7. The participant must comply with the rules of the Greater Cleveland Conference, the Ohio High School Athletic Association, and the Solon Board of Education approved Student Code of Conduct.
8. Any student who is convicted of a felony is ineligible to participate in the Solon City Schools interscholastic athletic program.

PARTICIPANT ELIGIBILITY

The participant must meet all standards set by the Ohio High School Athletic Association By-Laws regarding academics, age, amateur status, enrollment and attendance, recruiting, residence, and transfers. Copies of the OHSSA By-Laws are located on the Internet at www.ohsaa.org/eligibility or on the Solon Schools athletic department web page at www.soloncomets.org.

Academic Eligibility. In order to be eligible in grades 9-12, a student must be currently enrolled in school the immediately preceding grading period. During the preceding grading period, the student must have received passing grades in a minimum of five one-credit courses or the equivalent which count toward graduation.

The eligibility or ineligibility of a student continues until the start of the fifth (5th) school day of the next grading period, at which time the grades from the immediately preceding grading period become effective. Exception: Eligibility or ineligibility for the first grading period commences with the start of the fall sports season.

A student enrolled in the first grading period after advancement from the eighth grade must have passed a minimum of five subjects carried the preceding grading period in which the student was enrolled.

A student enrolling in the seventh grade for the first time will be eligible for the first grading period regardless of previous academic achievement. Thereafter, in order to be eligible, a student in grade 7 or 8 must be currently enrolled in school the immediately preceding grading period and received passing grades during that grading period in a minimum of five subjects in which the student received grades.

If a student transfers (changes) high schools at any time after establishing eligibility as a ninth grader either by attending a school for five days or by playing in a contest (scrimmage, preview or regular season/tournament contest) until the one-year anniversary of the date of enrollment in the school to which the student transferred the student shall be ELIGIBLE the first fifty percent (50%) of the maximum allowable regular season contests in those sports in which the student participated during the twelve (12) months immediately preceding this transfer. Thereafter, the student shall be INELIGIBLE for the remainder of the regular season and the OHSSA tournaments in that sport(s). Understanding that basic rule is fundamental to dealing with transfer students. There are exceptions to this regulation, so please arrange a meeting with your principal or athletic administrator to review these exceptions.

Summer school grades earned may not be used to substitute for failing grades or lack of courses taken from the last grading period of the regular school year.

Tutoring or examinations to complete the preceding grading period requirements is permissible provided the inability to complete the required work on time is due to illness or accident verified by a physician and the procedure applies to all students in school.

DISTRICT ELIGIBILITY REQUIREMENTS

The Board permits students in grades 7 through 12 to participate in interscholastic extracurricular activities if they receive a failing grade in the previous grading period. The student will be excluded from participating in the activity if they have less than a 1.0 grade point average on a 4.0 grading scale.

A student enrolling in the seventh grade for the first time is eligible for the first grading period regardless of previous academic achievement.

The definition of interscholastic extracurricular activities is defined as a school sponsored student activity involving more than one school or school district.

Failure to comply with the grading period eligibility requirements results in extracurricular interscholastic ineligibility for the succeeding grading period. A student with an IEP may be exempt from the district grading provisions (but not OHSAA provisions) set forth in this policy.

ELIGIBILITY MINIMUM STANDARDS FOR PARTICIPATION

1. Student participants shall fulfill all requirements as set forth by the Ohio High School Athletic Association, including the requirement to pass a minimum of five credits, toward graduation, in the preceding grading period. Middle school students must pass a minimum of five subjects in the preceding grading period. High and middle school students below a 2.0 GPA or failing a class must attend a study table.
2. In addition, the student shall earn a grade point average of 1.0 or higher for the grading period that precedes and/or includes the season of eligibility. Failure to earn a 1.0 GPA will cause the student to become ineligible for the next grading period.
3. A student earning two non-passing grades will be ineligible for participation for the entire following grading period.
4. A student earning a non-passing grade and/or a grade point average between 1.0 and 1.99 shall remain eligible so long as the ninth through twelfth grade student attends two study tables per week and the seventh and eighth grade student attends one study table per week. The purpose of the study table is to provide for an academic learning environment and tutoring for homework assignments, school related reading and/or project completion.
 - The study tables will be made available to all students in grades 7-12.
 - Study tables will be held before school for 50 minutes a minimum of four weekdays per week at Solon High School. Study tables will be held after school at Solon Middle School for a minimum of 50 minutes a minimum of four weekdays per week.
 - A student who does not participate in the required number of study tables or is dismissed from a study table for disciplinary reasons or lack of effort will immediately become ineligible for a minimum period of one week.
 - The study table will be supervised by an adult employee (teacher/coach) of the school district.

OHSAA - STUDENT ELIGIBILITY

A Message to Student-Athletes

Participating in your school's interscholastic athletics program will provide some of your most memorable and enjoyable moments ever. Your state association, the Ohio High School Athletic Association, has standards that must be met in order to be eligible to compete.

The essential eligibility requirements below are only a summary of some of the regulations affecting student eligibility. Most requirements are published in the *OHSAA Handbook*, which can be found in the offices of your principal and athletic administrator and is posted on the OHSAA web site www.ohsaa.org. Your school district also has the authority to establish additional academic standards and codes of students or athletic conduct.

Any questions you have concerning the OHSAA standards or your athletic eligibility should be reviewed with your school principal or athletic administrator. **You should also meet with these administrators EVERY TIME before you change your course schedule or drop a course.** Should you transfer schools, you must follow up with your previous school and your new school to ensure that all proper forms have been submitted to the OHSAA.

The eligibility standards of the OHSAA have been adopted by the member schools and were accepted by your school when it became an OHSAA member.

You are urged, as a student-athlete, to study these standards carefully since you are responsible for compliance with these standards.

Best wishes as you learn the valuable lessons that come with your participation in interscholastic athletics!
