A PEEK AT THE NEXT WEEKS

Math: In topic 8, students will be learning to tell time to the nearest 5 minutes. They will also be learning to identify the value of coins and bills as well as find a total value. Thank you for setting aside some time during the winter break for your child to work through the math practice pages so that they are ready to dive into this topic!

Literacy: Our reading work in January will focus on amping up our reading power! Students will participate in shared reading. They will learn the power of rereading texts over and over again in order to help build fluency. Second grade readers will begin to notice that their books are full of inventive and playful language, and they'll learn to pay attention to when the author has done something really special.

Social Studies/science: We are looking forward to our Changes in Motion unit! We will be learning that forces can move objects in many ways. Students will explore this idea through different experiments. Our favorite... creating marble mazes!

ANNOUNCEMENTS

1/5- Welcome Back!

1/16- No School- MLK Jr.
Day

1/27- Spirit Day
