The Board of Education recognizes its responsibility to maintain the public records of this District and to make such records available to residents of Ohio for inspection and reproduction.

The Board will utilize the following procedures regarding the availability of public records. "Public records" are defined as any document, device, or item, regardless of physical form or characteristic, including an electronic record as defined in the statute as having been created, generated, sent, communicated, received or stored by electronic means, created or received by or coming under the jurisdiction of the Board or its employees, which serves to document the organization, functions, policies, decisions, procedures, operations, or other activities of the District. "Public records" do not include medical records, trial preparation records, confidential law enforcement investigatory records, records the release of which is prohibited by State or Federal law, and any other exceptions set forth in Ohio Revised Code Section 149.43. Confidential law enforcement investigatory records, medical records, and trial preparation records are as defined in Ohio Revised Code 149.43.

The public records of the District shall be available during regular business hours, with the exception of published holidays. Upon request, a person may receive copies of public records, at cost, within a reasonable period of time. The District’s public records shall be promptly prepared and made available for inspection. A reasonable period of time may be necessary due to the volume of records requested, the proximity of the location where the records are stored, and/or for the District to review and redact non-public/confidential information contained in the record.

Each request for public records shall be evaluated for a response at the time of the public records request. Although no specific language is required to make a request, the requester must minimally identify the record(s) requested with sufficient clarity to allow the District to identify, retrieve, and review the record(s). The request for records need not be in writing. The requester shall not be required to provide his/her identity or the intended use of the requested public records.

At the time of the request, the records custodian shall inform the person making request of the estimated length of time to gather the records. All requests for public records shall be satisfied or acknowledged by the District promptly following the receipt of the request. If the request for records was in writing, the acknowledgement by the District shall also be in writing.

Any request deemed significantly beyond routine, such as seeking a voluminous number of copies and/or records, or requiring extensive research, the acknowledgement shall include the following:

1. an estimated number of business days necessary to satisfy the request
2. an estimated cost if copies are requested
3. any items within the request that may be exempt from disclosure.

The Superintendent is authorized to grant or refuse access to the records of this District in accordance with the law. Any denial, whole or in part, of a public records request must include an explanation, including legal authority. If portions of a record are public and portions are exempt, the exempt portions are to be redacted and the rest released. If there are redactions, each redaction must be accompanied by a supporting explanation, including legal authority. If the request for records was in writing, the explanation shall also be in writing.

A person may purchase copies of the District’s public records upon payment of a fee. A person who chooses to purchase a copy of a public record may request to have said record duplicated on paper, on the same medium on which the District keeps that said record, or on any other medium in which the custodian of records determines that said record reasonably can be duplicated as an integral part of normal operations. A person who chooses to purchase a copy of a public record may also choose to have that record sent to him/her by United States mail or by other means of delivery or transmission provided the person making the request pays in advance for said record as well as costs for postage and supplies used in the mailing.

The number of records requested by a person that the District will transmit by U.S. mail shall be limited to ten (10) per month, unless the person certifies, in writing to the District, that the person does not intend to use or forward the requested records, or the information contained in them, for commercial purposes. “Commercial” shall be narrowly defined and does not include reporting or gathering news, reporting gathering information to assist citizen oversight or understanding the operation or activities of the District, or nonprofit educational research. (R.C. 149.43(B)(7))

Those seeking public records will be charged only the actual cost of making copies.

Documents in electronic mail format are records as defined by the Ohio Revised Code when their content relates to the business of the District. E-mail shall be treated in the same fashion as records in other formats and shall follow the same retention schedule.

Records in private e-mail accounts used to conduct public business are subject to disclosure, and all employees or representatives of the District shall retain e-mails that relate to public business and shall copy them to their business e-mail account(s) or the records custodian.

The records custodian shall treat e-mail from private accounts that are used to conduct public business, thus subject to disclosure, as records of the District. These records shall be filed appropriately, retained in accordance with the established schedules, and made available for inspection and copying in accordance with the Public Records Act.

No public record may be removed from the office in which it is maintained except by a Board officer or employee in the course of the performance of his/her duties.
