

Dear Parents,

Your son or daughter is responsible for doing a minimum of 5 loads of the family's laundry. Please, demonstrate the correct operation of your machines. We have discussed laundry products and care labels. Please, sign your name below, indicating that your child completed the project. Without this, the project is not complete!

Thank you for your cooperation. It is hoped that this project will help your child grow in independence and responsibility, and appreciation for all that you do for the family.
