

**Solon  
City  
Schools**

**FOR GRADES K - 3**

# Summer Reading OPTIONS

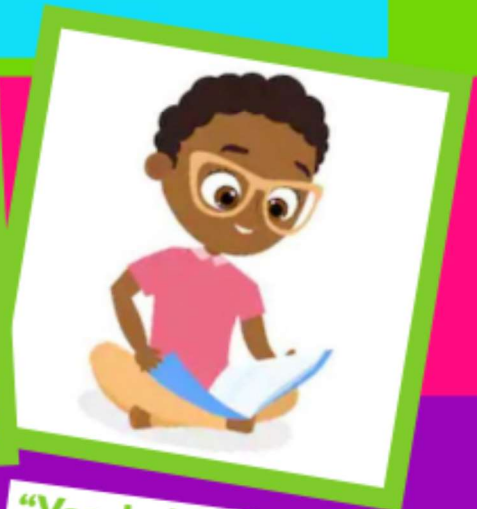

## Why should kids read over the summer?

"...just reading during the summer months fostered reading growth!"

(Cooper, Charleton, Valentine, Muhlenbruck, 2000)

**OPTION 1: Use Solon's summer reading log**

**OPTION 2: Use the public library summer reading program**

**"Students that read over the summer gained reading achievement during the summer months and those who did not read lost ground, or experienced summer reading loss."**  
(Allington, et. al, 2010)

**[www.solonschools.org](http://www.solonschools.org)**

**"Vocabulary knowledge, phonemic awareness, phonics, and comprehension are all developed through independent reading."**  
(Stahl & Nagy, 2006) and  
(Allington, 2009)

## Summer Reading Log 2020

Name \_\_\_\_\_

Total Minutes Read \_\_\_\_\_

**Directions:** Please record the number of minutes you read each day in the calendars below and total the minutes for the entire summer at the bottom of the next page. Remember every student should read a minimum of 500 minutes this summer. Feel free to embrace a challenge and go for even more!  
Happy Reading!
